

Training Visit to Silo Foods Industrial Complex May 2024

Under the patronage of **Dr. Ahmed El-Kased**, President of Menoufia University and Acting President of Menoufia National University, and **Dr. Nancy Asaad**, Academic Supervisor, the university organized a **training visit for Veterinary Medicine students** to the **Silo Foods Industrial Complex** in Sadat City.

The visit, supervised by **Dr. Atef Abdel-Galil**, Coordinator of the Faculty of Veterinary Medicine, and organized in cooperation with the **Leadership Development Department** and the **Military Education Administration**, aimed to enhance students' understanding of **food industries, food safety, and national projects** supporting Egypt's sustainable development vision.

Students toured various production facilities, including dairy, cheese, pasta, biscuit, and grain factories, gaining insights into modern, integrated Egyptian food production systems that meet local and global market needs.

Field visit of Engineering students to the Drinking Water Treatment Plant in Shebin El-Kom. May 2023

As part of Menoufia National University's commitment to linking education with industry and raising awareness on sustainable water management, Engineering students visited the Shebin El-Kom Water Treatment Plant in collaboration with the Menoufia Company for Water and Wastewater. The visit included an educational tour of the purification and filtration stages of drinking water and a public awareness lecture on the importance of water treatment and resource conservation.

Under the supervision of:

Prof. Dr. Ahmed Farag El-Kased, President of Menoufia University, and Prof. Dr. Nancy Asaad, Academic Supervisor of Menoufia National University.

Organized by:

Dr. Ibrahim Hashem (Engineering Coordinator) and Dr. Maha El-Touny (Professor of Chemical Engineering)

Participation in the National Leaders Preparation Week – Galala University 31 January 2023

Menoufia National University participated in the First Leaders Preparation Week for National and Technological Universities held at Galala University.

A delegation of 18 students from Menoufia National University took part in the event organized by the Ministry's Leaders Preparation Institute, under the patronage of Prof. Dr. Ahmed Farag El-Kased (President of Menoufia University and Acting President of Menoufia National University) and Prof. Dr. Nancy Asaad (Vice President and Academic Supervisor of Menoufia National University).

The program, inaugurated by the Minister of Higher Education and Scientific Research, aimed to enhance students' leadership, teamwork, and social responsibility skills.

The university's team achieved third place in the "Information League" competition, represented by students Ahmed Ashour, Fatma Al-Zahraa, and Khaled Saeed.

Engineering Students of Menoufia National University Attend Scientific Seminar at the Engineers Syndicate 21 March 2023

Activity: Participation of Engineering students in a scientific seminar organized by the Engineers Syndicate in collaboration with Quality Standard (QSIT) Company.

In alignment with Menoufia National University's vision to connect academic learning with professional practice, students from the Faculty of Engineering attended a scientific seminar hosted by the Engineers Syndicate. The seminar was conducted in collaboration with Quality Standard (QSIT) and aimed to introduce students to modern engineering standards, quality assurance, and innovation in industrial applications.

The event provided students with valuable exposure to real-world engineering practices and professional networking opportunities.

Menoufia National University Students Win Third Place in National Dental Wax Carving Competition

5 Masy 2024

Activity: Participation in the *Egyptian Dental Day (EDD24)* and the annual conference of the Egyptian Association of Dental Students (EADS).

Under the patronage of **Prof. Ahmed Farag El-Kased**, President of Menoufia University and Acting President of Menoufia National University, and **Prof. Nancy Asaad**, Academic Supervisor of the University, and under the supervision of **Dr. Hoda Gafar**, Coordinator of the Faculty of Dentistry, and **Dr. Mahmoud Said**, Lecturer of Dental Anatomy, a delegation of more than 30 students from the Faculty of Oral and Dental Surgery participated in the national conference *Egyptian Dental Day (EDD24)* organized by EADS.

The students actively engaged in the conference's scientific and practical sessions, gaining valuable experience and exposure to national-level professional practices. Students **Ahmed El-Gohary** and **Sama Ehab** won **third place** in the *Dental Wax Carving Competition*, competing among **24 Egyptian universities** (public, national, and private) and more than **4,000 students** nationwide. This marks the first national scientific conference participation for the university's students, reflecting their commitment to advancing academic excellence and professional skills.

Menoufia National University Organizes a Blood Donation Campaign for Cancer and Liver Patients

14 May 20024

Community health awareness and voluntary blood donation campaign.

Under the patronage of **Prof. Ahmed Farag El-Kased**, President of Menoufia University and Acting President of Menoufia National University, and **Prof. Nancy Asaad**, Academic Supervisor of the University, Menoufia National University organized a **blood donation campaign** to support **cancer and liver patients**.

The campaign witnessed a high level of student participation from all faculties, reflecting the university's commitment to promoting community engagement and humanitarian values. The initiative aimed to **encourage volunteerism**, raise awareness about the importance of **safe blood donation**, and connect students with healthcare services provided by **Menoufia University Hospitals**, the **National Liver Institute**, and the **Cancer Hospital**.

The campaign was organized in collaboration with the **National Liver Institute**, the **University's Student Affairs Department**, and the **Success Student Family**, under the supervision of **Dr. Ahmed Hamdan**, Coordinator of the Faculty of Medicine

Advanced Practical Training at BEDO for Engineering and AI Students

Activity: Second practical training session for students at BEDO Educational Lab Manufacturing.

Under the supervision of Prof. Ahmed Farag El-Kased, President of Menoufia University and Acting President of Menoufia National University, Prof. Nancy Asaad, Academic Supervisor, and Dr. Ibrahim Hashem, Dean of the Engineering Sector, Menoufia National University organized the second hands-on training program at BEDO.

The program targeted students from Engineering, Technological Universities, AI faculties, and Technical/Vocational Schools. It included:

Lectures on the company's 14-year development journey and lessons learned,

Professional development workshops on CV writing and interview skills,

Guided tours of the manufacturing process, from concept to execution,

Exposure to the latest technology in educational lab manufacturing.

The initiative aims to bridge academic curricula with real-world industry needs, develop students' skills, and prepare them for future careers.
