

جامعة المنوفية الأهلية

3 - Policy on Academic Quality Assurance, Integrity, and Conflict of Interest Management

- Policy Statement:

The University is committed to upholding the highest standards of academic quality and integrity, ensuring that all university activities are conducted ethically and free from undue influence.

- Actionable Measures:

- **Regular Program Review:** All academic programs will undergo a rigorous review every 5 years, involving external peer evaluators, to ensure curriculum relevance and excellence.
- **Conflict of Interest Disclosure:** All faculty, researchers, and senior staff must annually submit a confidential conflict of interest disclosure form, identifying any personal, financial, or professional relationships that could bias their work or decisions.
- **Transparent Processes:** Establish clear, published procedures for handling conflicts, which may include recusal from decision-making, supervision, or specific research projects.
- **Integrity in Assessment:** Implement and enforce strict exam security protocols and use plagiarism detection software for all theses and major research projects to uphold academic honesty.

Vice President for Academic Affairs

(Prof. Nancy Assad)
