

University Health Clinic Services Report (Academic Year 2023 / 2024)

As part of Menoufia National University's commitment to promoting **student and staff health and well-being**, the University Health Clinic provides a range of **specialized medical services** free of charge. These include dermatology and reproductive health care, as well as mental health and neurology consultations.

Dermatology and Reproductive Health Clinic

The dermatology and reproductive health clinic operates **one day per week**, offering consultations, medical examinations, and health awareness sessions focusing on **skin care, hygiene, and reproductive health**.

During the academic year **2023/2024**, a total of **124 students** benefited from these services, as detailed below:

Type of Service	Number of Students	Description
Dermatological conditions (acne, eczema, allergies, fungal infections, etc.)	96	General skin and allergy treatment
Reproductive health consultations (menstrual cycle regulation, hormonal advice, related health guidance)	28	Medical consultations and counseling
Total	124	—

Mental Health and Neurology Clinic

The mental health and neurology clinic operates **once per week**, providing psychological counseling, mental health support, and neurological consultations to both **students and staff**. Services aim to address **stress management, anxiety, sleep issues, emotional well-being**, and other related concerns.

Beneficiary Group	Number of Cases (2023/2024)	Description of Services
Students	42	Psychological counseling, stress and anxiety management, and study-related mental health support
Staff Members	12	Counseling and mental wellness sessions for workplace stress and emotional support
Neurological consultations (students + staff)	18	Headache, sleep disturbance, and attention-related issues
Total	72	—

All services are provided **free of charge**, ensuring equal access for all members of the university community.
