Training Visit to Silo Foods Industrial Complex May 2024

Under the patronage of **Dr. Ahmed El-Kased**, President of Menoufia University and Acting President of Menoufia National University, and **Dr. Nancy Asaad**, Academic Supervisor, the university organized a **training visit for Veterinary Medicine students** to the **Silo Foods Industrial Complex** in Sadat City.

The visit, supervised by **Dr. Atef Abdel-Galil**, Coordinator of the Faculty of Veterinary Medicine, and organized in cooperation with the **Leadership Development Department** and the **Military Education Administration**, aimed to enhance students' understanding of **food industries, food safety, and national projects** supporting Egypt's sustainable development vision.

Students toured various production facilities, including dairy, cheese, pasta, biscuit, and grain factories, gaining insights into modern, integrated Egyptian food production systems that meet local and global market needs.

Menoufia National University Organizes a Blood Donation Campaign for Cancer and Liver Patients

14 May 2024

Community health awareness and voluntary blood donation campaign.

Under the patronage of **Prof. Ahmed Farag El-Kased**, President of Menoufia University and Acting President of Menoufia National University, and **Prof. Nancy Asaad**, Academic Supervisor of the University, Menoufia National University organized a **blood donation campaign** to support **cancer and liver patients**.

The campaign witnessed a high level of student participation from all faculties, reflecting the university's commitment to promoting community engagement and humanitarian values. The initiative aimed to **encourage volunteerism**, raise awareness about the importance of **safe blood donation**, and connect students with healthcare services provided by **Menoufia University Hospitals**, the **National Liver Institute**, and the **Cancer Hospital**.

The campaign was organized in collaboration with the **National Liver Institute**, the **University's Student Affairs Department**, and the **Success Student Family**, under the supervision of **Dr. Ahmed Hamdan**, Coordinator of the Faculty of Medicine

Description:

Under the patronage of Prof. Dr. Ahmed El-Kased (President of Menoufia University and Acting President of Menoufia National University) and Prof. Dr. Nancy Asaad (Academic Supervisor), Menoufia National University (Private) organized a celebration for Orphans' Day, hosting 30 children from local orphanages.

The event included various entertainment and educational activities aimed at promoting health awareness, psychosocial well-being, and equity. Students and staff participated in the organization, encouraging volunteerism and community engagement, while providing the children with experiences that enhance their social and emotional development.
